

WPC-2 (WIRELESS POOL CONTROL 2)

WPC-2 offers all the great features of the WPC-1 and includes a 100 Amp sub-panel

System Features

SIZE OF ENCLOSURE

Width: 16½ inches
Height: 14¼ inches
Depth: 4½ inches

- 3 position • On • Off • Auto, 24 hour Time Clock with four 15 minute increments per hour
- Includes integrated dust cover
- Time Clock rated for:
 - 1.5HP - 120VAC
 - 3HP - 240VAC
- Each light circuit 8 Amps – 120VAC
- Manual override switches on each light circuit
- 75' wireless operating range (Extension antenna available)
- Movable antenna with 10 feet of cable
- Synch or Non-Synch the lights
- GFCI knockout
- **Water resistant transmitter with wall cradle**
- 100 Amp sub-panel with circuit breaker knockouts

WPC-2 CONFIGURATION OPTIONS

WPC2-XXXX-X

- For 1 speed pumps
- 24 hour Time Clock for pump control (30A Max.)
- 100A sub-panel
- Wireless remote control
- Circuit 1 – Lights; 120V 8A max.
- Circuit 2 – Lights; 120V, 8A max.

WPC2-XXXX-T

- For 1 speed pumps
- 24 hour Time Clock for pump control (30A Max.)
- 100A sub-panel with 12V 30W output
- Wireless remote control
- Circuit 1 – Lights; 12V 30W max.
- Circuit 2 – Lights; 120V, 8A max.

WPC2-3XXX-X

- For 2 speed pumps
- Two 24 hour Time Clocks for pump control (Each - 30A Max.)
- 100A sub-panel
- Wireless remote control
- Circuit 1 – Lights; 120V 8A max.
- Circuit 2 – Lights; 120V, 8A max.

WPC2-3XXX-T

- For 2 speed pumps
- Two 24 hour Time Clocks for pump control (Each - 30A Max.)
- 100A sub-panel with 12V 30W output
- Wireless remote control
- Circuit 1 – Lights; 12V 30W max.
- Circuit 2 – Lights; 120V, 8A max.
